PROFESSIONAL PROFILE & TECHNICAL SKILLS

Computing and Data Science Masters student with over 8 years of experience in software development, competitive programming, project work, and research, and 3 years of experience in Machine Learning and Data Sciences

Python | Java | C/C++ | C# | AWS | Azure | HTML | CSS | Git | Android Studio | SQL | Ada | REST

PROJECTS

Anti-ATS: Developed a web-based tool that parses and analyzes resumes using advanced NLP libraries (NLTK, Transformers, BERT) focused on feedback and insights for users trying to improve their resume.

Braille: A Siri/Google Assistant app using Natural Language Processing based on improving quality of life for the visually impaired. Braille was built on android studio using Java with the Agile methodology.

EDUCATION

Bachelor of Science in Software Engineering

Major GPA: 3.52

Sam Houston State University, Huntsville, TX

December 2024

Master of Science in Computing and Data Science

Sam Houston State University, Huntsville, TX

May 2026

EXPERIENCE

SHSU Computer Science Department - Lead Student Assistant

January 2024-Present

- Review and grade freshman through junior programming lab submissions, providing constructive feedback to help further their understanding of complex topics.

- Improved pass rate of the most failed Undergraduate class by over 50%

- Lectured, prepared course materials, and taught labs for 7+ course instructors

- Mentor, and recruit potential and current department Student Assistants.

SHSU Academic Success Center – Lead Embedded Tutor

August 2022 - Present

- Built out a curriculum for a brand-new field of tutoring in the SHSU Computer Science department with the ASC.

- Tutored and mentored 150+ students each semester and lead group sessions.

- Formulated skilled, in-depth explanations of programming topics and strategies for academic success.

Extracurriculars & Achievements

Software Engineering Capstone Project Winner (Braille)

December 2023

Association of Computing Machinery – Vice President

August 2024 – May 2025
